Learning

Tips for Supporting Development:

- **Talk and listen:** Encourage toddlers to name objects, describe what they are doing, and express their feelings.
- **Read together:** Share stories every day and ask simple questions about the pictures and characters.
- **Sing and move:** Songs dancing and action rhymes support language, memory, coordination and physical development.
- **Encourage independence:** Let toddlers try simple tasks such as packing away toys, feeding themselves and putting on shoes.
- **Teach sharing and kindness:** Simple group games help toddlers develop social skills and learn to take turns.
- **Praise their efforts:** Celebrate trying and learning rather than only getting things right. This helps build confidence.

Learning Through Play

Every game is an opportunity to learn, grow and explore. Through play our toddlers develop their creativity, communication, problem-solving skills, confidence and independence while having lots of fun.

Spring has Sprung

- A season of sunshine, smiles and new beginnings.

- Spring is a beautiful reminder that every little one grows in their own special way

- Let your little ones blossom through play, laughter and learning

- New season, new adventure, new opportunities to learn and grow.

Birthdays

Have a blessed and joyous day

Principal's Message

As we welcome the beautiful season of Spring, we are reminded of the wonderful growth and new beginnings happening around us. Just like the flowers begin to bloom, our little ones continue to grow, learn and blossom each day.

Bambinos

Spring motivation for our Bambinos
To all our wonderful Bambinos kiddies: this is your season to grow, shine and have fun.

Just like the flowers around us, remember that you are growing every single day.

Keep trying keep learning, keep being kind, and never be afraid to give something new a go!

We are so proud of each and every one of you. Lets make this spring full of smile, sunshine, laughter and wonderful memories

Every step is a big milestone – together keep nurturing, encouraging and celebrating our Bambinos as they grow, explore and blossom

Fireflies

Spring has sprung for our Fireflies

It's a wonderful time to grow, explore, learn, and discover new experiences.

Just as the flowers begin to bloom, our Fireflies continue to grow, develop, and flourish each day.

Here's to a Spring filled with new opportunities, meaningful experiences, joyful moments, and lasting memories.

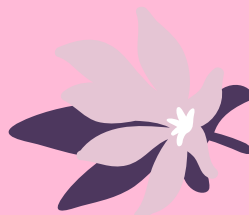

Keep learning, growing, and shining brightly, Fireflies.

Here's a Spring filled with outdoor adventures, exciting discoveries, active play, meaningful experiences, and joyful learning.

Fireflies are looking forward to lots of outdoor fun, enjoying the fresh air, sunshine, and all the lovely spaces around us.

Beetles

Spring has arrived for our Beetles

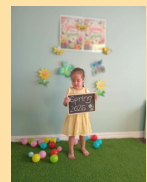

Our beetles are embracing the arrival of Spring through outdoor exploration, engaging learning experiences, and exciting opportunities for discovery.

As the weather becomes warmer and the days grow brighter, we are encouraging our children to spend time outdoors, enjoy the fresh air, explore the natural environment, and observe the wonderful changes that Spring brings.

At Otters Creek Baby and Toddler Centre, we believe that every Spring day provides an opportunity to nurture curiosity, develop confidence, and create positive memories through meaningful play and exploration.

**As the flowers begin to blossom and the days become brighter, our little beetles are also growing, learning and blossoming. This spring, we look forward to creating beautiful memories through fun, laughter, music, messy play and exciting learning activities. Our little ones will have opportunities to explore nature, enjoy outdoor play, get creative and develop new skills through play. Every little flower bloom at its own pace, and so does every little child. Lets continue to encourage our Beetles to explore, discover, try new things and shine in their own special way.
Happy Spring from our Beetles family**

Time to unwind

A little time to relax, recharge and enjoy the simple moments. At Otters Creek Baby & Toddler Centre, we believe that after a busy day of learning and playing, the little ones also deserve time to rest, relax and unwind.

Little minds need to rest too – because happy children learn, play and grow.

Time to unwind this Spring, little ones

Springtime fun, followed by time to unwind

Little feet, big adventures, and cozy springtime wind-downs.

Spring days are for playing, exploring, and resting.

After a day of springtime adventures, its time to unwind
