TERM 3 THEMES

Road Safety: Keeping Our Little Ones Safe

Road safety is an important lesson for our young learners. We encourage our children to learn safe habits from an early age, both at school and at home. Teach your child to stop, look and listen before crossing the road, always use a pedestrian crossing where possible, and hold an adult's hand when walking near roads. When travelling in a car, children should always be safely secured in the appropriate car seat or seat belt. Let's work together to teach our little ones the importance of being safe around roads. Small habits today can help create safe habits for life! 🚦❤️
